NEWS RELEASE

FOR IMMEDIATE RELEASE:

Ferndale, Michigan December 10, 2019 – Unison Corporation is pleased to announce we have been selected for the 2019 Best of Ferndale Award. Each year, the Ferndale Award Program identifies companies they believe have achieved exceptional success through service to their customers and the community. The Ferndale Award Program recognizes companies which have show their ability to use their best practices and implemented programs to generate competitive advantages as well as long-term value for their customers. We are proud Unison Corporation has contributed to making Ferndale a great place to live and work.

Unison Corporation operates from its headquarters in Ferndale, Michigan and is staffed to handle all of your sales, service and/or spare parts needs as well as offers both mechanical and computer control upgrades for all Unison equipment. Our Service Department consists of the same highly skilled technicians who originally built your machinery and is the only factory authorized party who can service Unison equipment.

Unison offers its products on a worldwide basis with international sales and support provided in Australia, Italy, Israel, Thailand, Korea, Singapore, Taiwan and Japan. Unison has over 50 years of experience in manufacturing grinding equipment and markets its equipment under the TruFlute and DedTru trade names with over 10,000 equipment installations serving the medical, dental, aerospace, automotive, off-highway, plastics, and petrochemical industries. Our CNC product line features the Model 1500 CNC Camless Profile Grinder, the Model 2050 CNC Surface Grinder, the Model 2150 CNC DedTru Centerless Grinding System, the Model 2250 CNC ID Grinder, the Model 2650 CNC 5-Axis Cutting Tool and Re-Grind/Remanufacture Grinder, the Model 688 CNC Flutter, the Model 4000 CNC Super TruFlute with Hydrostatic Ways, the Model 8350 Combination Cutting Tool/Burr Grinder, the Model 9100 CNC Pulverizer Disk Grinder, the Model 9200 CNC 5-Axis TruFlute Grinder and the Model 9300 Dual Spindle 6-Axis CNC Tool and Cutter Grinder. Unison also offers manual Models U-12 and U-20 Centerless Grinders as well as our Model 388 DedTru Centerless Grinding System.

For additional information regarding the products of Unison, please contact our Marketing Department at (248) 544-9500; fax us at (248) 544-7646 or e-mail us at sales@unisoncorp.com.
